at the Goetheanum*

Could Social Threefolding inspire young people for social reform?

During "February Days" we want to explore Rudolf Steiner's indications on how to understand social life and how to work towards social renewal.

On the one hand, by meeting with people who are already working in the economic, political and/or cultural spheres according to these principles and, on the other hand, by studying and learning about it together.

Can anthroposophy, through the ideas of the threefold social order, inspire new generations to build healthy social relationships? Can we speak about Social Threefolding responding to reality? What are the values that need to be developed in order to bring these ideas into the world? How can we, as young people, cultivate them?

We hope that during these days, these new ideas can be sown in each of us and thus become a source of inspiration to accompany our daily individual and social work.

PROGRAM

Our guests:

Freie Gemeinschaftsbank Basel (Free Community Bank Basel)

Wege zur Qualität (Ways to Quality)

Die Christengemeinschaft Zürich (Christian Community Zurich) &

Dreigliederung Schweiz (Social Threefolding Switzerland)

Working together &

seeds for the future

12:00 - Closure

**Walking and talking in pairs*

***Contribution & working together (30' break included)*

Dear friends,

It is possible to cover costs for February Days because young people and supporters have contributed to events in this last year. We want to create more in 2023!

Therefore we are asking if you can pledge an amount that will make another event like February Days possible.

To pay it forward and keep the work going it would be necessary to receive:

For friends from afar who will need a bed = 160 CHF which cover room, honorarium, food & facilities.

For local friends who will not need a bed = 120 CHF which cover honorarium, food & facilities.

Some people may not be able to make such a pledge, consider an additional 50 CHF in solidarity!

This should not exclude anyone from participating that's why we want to ask you:

What can you contribute?

We look forward to working together!

This is a simple version of the budget for our event:

Expenses x35 Participants

Food, Accommodation + Facilities = 2,040 CHF

Stipends + Travel for presenters = 1,750 CHF

Documentation = 100 CHF
