

# Pre-Conference for Young Professionals

## September 30 to October 2, 2026

### Dear young professionals in the field of Inclusive Social Development,

We can see how uncertain the future is right now, a future that is slowly becoming ours to shape and guide. So how do we start to imagine the possibility for real, positive change in the world?

Join us in imagining how we might start to create a more inclusive, warmer future. A future of mutual support, and one where we are all given the chance to speak and be listened to. A future which ignites in heart thinking and in the encounter from human being to human being.

This encounter is where we start to help each other to shine. And where we become aware of our own potential as we see our reflection in others.

Come along and help others see themselves, and their infinite possibilities, just as they show you yours.

Good to see you there...

With warm greetings from  
Martin, Nick and Veronika
