

# Conference for Biodynamic Youth

Ready for another century of biodynamic agriculture?

With a living earth being sick at the present.

How can we stay connected and keep our inner lights? How can we become lightbulbs for the living earth?

As Biodynamic Youth we are holding a pre-conference before the actual annual agricultural conference by the Section of Agriculture at the Goetheanum in Dornach, Switzerland.

Everybody who feels connected to biodynamics and who also feels young is welcome. We want to create a space where we can meet each other, share what moves us, work together, and prepare ourselves for the conference. To start the conference united.

**When?**

**03.-05.02.2025**

**Where?**

**Goetheanum, Dornach, Switzerland**

For points of discussion and questions, please write us a mail:  
[biodynamic.youth@gmail.com](mailto:biodynamic.youth@gmail.com)

Registration: <https://forms.gle/JTA4M2ZeaM944gwz5>

Sleeping and meals only during the pre-conference in the Youthsection house.

Costs per night:

20 CHF students

25 CHF employed

Payment directly to the Youthsection (bank transfer or cash)

Gathering in one of the Goetheanum's rooms

Costs for food 50 CHF

Payment in cash at place to Team

Due to small budgets, we are seeking sponsoring for support. Up till now we haven't had sufficient feedback to promise anything.

We propose to divide support that we receive equally between the participants for the pre-conference. Maybe your local bd-association, institution or farm could provide individual support.

# Program

## Monday - Evening

Arrival, cooking, dinner, fire

Introduction of oneself with Fiona:

Where do I come from, what am I working on, what are my visions I want to bring into the world and by working with the land

## Tuesday

Morning:  
Breakfast

Goethean landscape observation with Rose (1.5-2h) around the Goetheanum with small colour illustration.

Stone exercise with Nick

For this exercise, please bring a stone or lifless object from your land and spend some time connecting with it and it's story. Let your imagination run wild ;) And, feel at liberty to express this in some artistic way (don't tell it but we are far more interested in the human being that carried it here).

Lunch

Afternoon:

World-Café with Raffael

Connect with the questions of Biodynamic Youth to deepen our perspectives on the challenges and supportive networks around us.

What do you see as purpose for biodynamic agriculture in the future?

Where do you see your own possibilities to get active?

## Wednesday - Morning

Breakfast

Synthesis, all together

## Tuesday - Evening

There will be an evening event with a market and supper, bookable for CHF 20/40 (contribution towards expenses). All are welcome to bring their products to the degustation, this is very much desired to demonstrate the diversity in the movement and to celebrate the fruits of the earth together. If anyone would like to, please get in touch.
